Lakeview Elementary hosts DyAnne DiSalvo on Author's Day

Pierfrancesco Baccaro/Staff Photographer

DyAnne DiSalvo, children's book author and illustrator, visited students of Lakeview Elementary School in Denville on Tuesday, April 1. She gave presentations throughout the day to pre-school through second grade. Her trademark theme of "helping neighborhoods" has been featured on Reading Rainbow and theater productions. She received a Congressional Commendation from the State of New Jersey for her book, "Grandpa's Corner Store." Her focus on social studies and community spirit touches all of her written and illustrated work. She narrates a lively presentation including rejection letters, re-writes, book dummies, art materials, and the real life inspiration that makes all of her children's books come alive.
